

KID'S SCHEDULE MONDAY-FRIDAY

8 AM: Good Morning! You can watch educational TV choices or free play until breakfast is ready. When breakfast is ready, please pause the TV to:

- Eat breakfast and put my dishes in the sink
- Back to Educational TV or free play until school starts

9:00 or 9:30AM Time for School

If you miss school work it will need to be made up in order for you to earn school minutes. If it is your turn to play on the console first, but you have to make up school work, **you'll need to go second if you're not finished school and chores by 3**. That way everyone has enough time to play.

After school you can have free play. Ask permission to use the TV if you would like to use an exercise video or practice a skill with YouTube.

3PM Video Games!

If chores and school work are finished you may start your earned game time now.

5 or 6:00 PM Time for Dinner

After dinner, if game time is finished and you haven't lost your TV privilege, you may watch TV until 7:30PM. If you have game time to finish you may not have time for TV.

*****On Friday nights you may watch a movie instead of TV. The rotation will be Dante's pick, Jonah's pick, parent's pick. If you don't want to watch the movie, you can find something else to do*****

7:30 PM Settle Down for Bed

We will have a bedtime snack, get chore money, brush teeth and go to bed. Good night!
